

MUSIC CHOSE

MOOZICORE

WHAT IS MOOZICORE?

Moozicore is a revolutionary Background Music Service for Businesses where music is essential for customers.

Our service transforms background music into an interactive customer-sourced playlist.

Unlike Spotify, Tidal or any other non-commercial services, Moozicore will be fully licensed and legal for businesses of all kinds. Our solution gives business owners control over the playlists and a better experience for its customers, with the opportunity to let them engage with the music right from their smartphones.

THE MARKET

CHD Expert 2017 Report shows that there were over 700.700 venues in operation across the U.S. when the background music is essential for customers:

- 647.000 restaurants
- 62.602 bars, taverns and nightclubs
- 38.477 health and fitness clubs

When music that the customer appreciate is played in a public place, it can make him or her: re-visit, stay longer, recommend the place to others and buy more.

BURN PROGRAM MZG TOKEN

10% of all revenue generated via in-app payments will be the reference for the buyback amount of MZG tokens from exchanges.

The result of the buyback process will be burning MZG tokens and removing them from circulation forever, wich also improve the value of MZG tokens.

THE APP & BEACON

With the moozicore mobile app patrons control music in venues by voting, adding, sharing or picking songs.

When a customers are near a venue with Moozicore, our beacon device send them a push notification: "Hello, your favorite song has been added to our playlist!" We let them know which venue use Moozicore so they can choose there own music. So a customer is happy, checks-in to the location, votes in the app and shares his or her experience with friends!
